

On February 4, over 200 people attended the State of the Union – Part 1 Conference featuring 15 workshops focusing on issues facing the UFT in the age of ed reform.

That was only the beginning.

Now, in light of the release of Teacher Data Reports and teacher evaluation developments, the State of our Union is more pressing than ever.

Join us on March 10 to help plan the next steps in moving our union forward and building a rank and file that can truly stand up for teachers, students and communities.
